Unlock your life with smart solution

Leave your home security to Be-Tech

Various Access

Be-Tech 0800FM has two access solutions, Fingerprint or RF Card key for your convenience.

One-Touch Fingerprint Verification

One-touch Fingerprint verification technology has been applied to conveniently read a fingerprint in one shot.

Operation Status Notification

Whenever any operation is made, the LED indicator informs you what is happening through different colors and signs.

Automatic Locking

Door lock will be locked automatically after opening door a few seconds. (Manual operation is also available)

Missing Key Invalidation

Once you lose your key, it has no validation as long as you re-register rest of your keys.

Exterior Dry Contact Input

Available to combine with other exterior control unit which adopts dry contact signal as output

Alarm (Incorrect Fingerprint Or RF Card Attempt)

Alarm will be on and last for 60 seconds if anyone attempts to open the lock with incorrect Fingerprint or RF Card for 3 times.

Low Battery Warning Signal

A continuous "beep" sound during door access will alert you to replace batteries.

Mechanical Key Override

For emergency, it can also be unlocked with a mechanical key.
